

**LOOKING FOR  
AN EASY AND  
AFFORDABLE  
WAY TO INTRODUCE  
YOUR CHILD TO  
MUSIC  
OR HELP YOUR  
CHILD PROGRESS?**

**“CAMBRIDGESHIRE  
MUSIC LENT ME AN  
INSTRUMENT FROM  
THE AGE OF 8. I’VE  
MADE FRIENDS AND  
JUST LOVE MUSIC!”**

**Did you know** that learning an instrument, or to sing, can improve your **confidence**, memory, **co-ordination**, **self-discipline**, motivation, **team work**, creativity... and be lots of fun!

## Cambridgeshire Music

is your one-stop shop in music education for children under 18 in Cambridgeshire. Whether your child is drawn to pop or classical, jazz or folk, prefers to play alone or in a group, at home or at school, we have some great opportunities for them. Most of our activities are low cost, sometimes free, and we are constantly innovating to keep young people engaged.

We also signpost you to other excellent local and national opportunities offered by our Music Education Hub partners.

**“I love playing in the orchestra, it makes me very happy. And I’ve met my best friend here!”**

**“Today has been unbelievable for M! She couldn’t believe she had the chance to play as a soloist at this early stage and has come home with such enthusiasm!”**

### START LESSONS

There are so many benefits to learning a musical instrument or to sing, and we can help every step of the way. We offer vocal and instrumental lessons that can be taken individually or in a group, at school or at home. To help you choose an instrument you might try different ones at our taster days, or have lessons on a few instruments before you commit. With 80 Cambridgeshire Music tutors teaching nearly 30 instruments, we can help you.

### PLAY WITH OTHERS

We believe playing in a group with others is at the heart of developing young musicians. Not only do they experience the power of producing a big sound, but often make friends, and are stretched musically.

Start with an After-School Music Club and progress to the intermediate, then advanced, county orchestras and ensembles. Music Factories focus on jazz, folk, metal, pop, composition, performance and improvisation.

### UNDERSTAND THE THEORY

Music Theory deepens your understanding of music. It is really useful for budding composers, arrangers and songwriters, and is essential for some advanced grade exams. We focus on building up to Grade 5 in music theory.

### BORROW AN INSTRUMENT

We have a whole bank of over 30 types of instruments, from cellos to flutes and drum kits to guitars, based at our Huntingdon centre.

### TAKE YOUR MUSIC TO THE NEXT LEVEL

We also organise a wide range of projects and events helping to create unique musical experiences. You might perform in a major venue, take part in national celebrations or learn to compose or record.

## BURSARIES

There is always a way to access music at Cambridgeshire Music. If cost is a barrier your child may be able to get support for the costs of: borrowing an instrument; joining a regular music-making group, workshop or special project; adaptations and equipment for SEN – and there is support for young people identified as gifted and talented. You can either access help from your school, or via our Access to Learning Fund.

Supported using public funding by

**ARTS COUNCIL  
ENGLAND**

**Cambridgeshire  
County Council**
